

# ACADEMIC PROGRAMS

## Semester 1

Year 9

Home Economics

Textiles Technology

# FAIRHOLME HOME ECONOMICS DEPARTMENT

**Course:** YEAR 9 Textiles & Design

**Outline:** TERM 1 and 2, 2017

## Terms One and Two

Students undertake Textiles & Design for one semester. They participate in two practical lesson per week.

Through exposure to textile and design issues that are relevant to adolescents, students should:

- Continue to acquire knowledge and understanding of basic design and the role textiles play in our lives
- Continue to acquire knowledge of a variety of practical sewing skills and techniques
- Continue to develop an understanding of the impact of textile choices
- Develop confidence in making decisions about their designs and strategies to apply in their construction and decoration to further enhance their "own made" products
- understand the role advertising plays in influencing adolescent product choices
- continue to refine techniques to improve quality of "own made" products and appeal to adolescents
