

19 March 2020

Dear Parents

In a bid to ready ourselves for a variety of possible outcomes that Term 2 may present, the Junior School has been exploring some online platforms that may be useful for live communication with our students, should they not be attending school for a period of time.

Whilst girls in the Middle and Senior School will be predominantly using MyFairholme as their lead online platform, the Junior School is interested in the functionality and capability of Microsoft Teams. To assist with some trialling of this platform, can I ask you to please download the Microsoft Teams App to your daughter's iPads as soon as possible. A copy of the link for this is below.

Should you experience any difficulties, you are welcome to contact our IT Coach, Mr Shane Buckley for assistance: shane.buckley@fairholme.qld.edu.au.

Yours sincerely

Erin Tonscheck
Head of Fairholme Junior
