COVID-19 UPDATE

7 May 2020

Dear Parent/s,

As indicated in my letter of 4 May 2020 many of our day families have shared their interest in accommodating boarders for part of the term ahead. If you are a day family and have boarding contacts and are in a position to host, can I encourage you to facilitate that offer? The P&F Executive formally endorsed their support of this, at a meeting on Tuesday evening.

We look forward to the return of Kindy, Prep, Year 1 and Year 11 and Year 12 from Monday 11 May. Further, under the specified Australian Health Protection Principal Committee guidelines to which we adhere, we are able to operate our Boarding House at 25% capacity which allows us to accommodate those Year 11 and Year 12 students seeking to return to boarding this term. If, as is anticipated, schools are instructed to reopen in full from 25 May, then we would be hopeful of community support of our boarders - particularly if the current 25% capacity restriction is still operational.

Thank you for your consideration and, where possible, getting in touch with your boarder contacts.

Kind regards

Linda Evans

Dr Linda Evans | Principal
